

TABLE OF CONTENTS

Foreword

**Chapter 1
2019 INMR WORLD CONGRESS**

History of Event
Speakers & Topics
Information on Registration
Hotel & Room Reservations

**Chapter 2
Photos & Their Stories**

**Chapter 3
Lines & Substations: Developments & Service Experience**

Innovative Tower Solutions & Line Upgrading Options
Resolving Insulation Problems in High Pollution Environments
Modeling E-Field on Transmission Lines
Overcoming Corrosion of Hardware on Suspension Insulators for UHV DC Lines.....
Implementing a Compact 400 kV Line
Applying Composite Interphase Spacers to Prevent Conductor Galloping
Impact of Environmental Change on Electrical Systems & Insulation

**Chapter 4
Insulators & Bushings: Technology & Applications**

Achieving Increased Confidence in Transmission Line & Substation Insulators.....
Insulator Dimensioning for AC to DC Line Conversion
Pollution Performance of Composite Hollow Core Insulators
Impact of Biological Growths on Composite Insulators
Materials Toward Development of Insulators of the Future.....
Innovations & Challenges in Insulator Design for UHV Coating Porcelain Line Insulators to Prevent Pollution Flashover
Development of Polymeric Insulation for Today's Network Requirements
Key Issues for Future of Composite Insulators...
Assessing & Mitigating Corona on Composite Line Insulators
Seismic Performance of Porcelain Insulators at Substations

**Chapter 5
Surge Arresters: Technology & Applications**

Arrester Protection Distances at Substations....
Assessing Benefits of Transmission Line Arresters. Surge Protection of Substations
Best Practice in Lightning Protection for Distribution Systems
Interaction of Line Surge Arresters with Vibration Dampers.....
Mitigating Lead Stresses on Line Arresters.....
Technology & Application of Arresters that Extend Life of Cables.....
Application Experience with Transmission Line Arresters
Monitoring Condition of Surge Arresters.....
Arrester Lead Design & Application
Reducing Switching Surge Voltage to Meet Critical Line Clearances.....
MOV Protection of Series Capacitor Banks.....
Arrester Housing Design & Application

**Chapter 6
BUYER'S GUIDE & DIRECTORY**

Quick Reference Chart for Products Offered by Suppliers

Index of Suppliers by Type of Product.....
Electrical Insulators
Surge Arresters.....
Bushings
Cable Accessories
FRP Rods & Tubes.....
Metal Fittings
Miscellaneous Components & Equipment
Overhead Line Hardware
Polymeric Materials for Insulators, Arresters, Cable Accessories, etc.
Production Machinery & Molds.....
RTV Silicone Coatings, Silicone Greases
Test & Inspection Equipment/Services.....
Wildlife Protection Products
Company Listings

**Chapter 7
Laboratory Testing**

Development & Testing Surge Arresters for DC Applications.....
Testing Adhesion Between Fiberglass Rod & Housing in Composite Insulators
Development & Testing Bushings for Seismic Conditions
Testing Corona, Pollution & Icing Performance of Insulation Structures
Testing DC Cables & Accessories: Experience & Requirements.....
DC Dielectric & Pollution Testing.....
Testing RTV Silicone Coated Glass Insulators...
Testing Polymeric Insulators to Verify Pollution Performance Under DC.....
Dielectric Type Testing of 400 kV Polymeric Insulator Set
Check Points & Testing to Screen Quality of Line Insulators
Full-Scale Testing HVDC Insulators for High Salt/High Icing Environment
Laboratory Set-Up for Corona & RIV Testing on Transmission Line Assemblies

**Chapter 8
DIRECTORY OF HV/HP LABORATORIES**

Quick Reference Chart for Testing Services Offered
Index of Laboratories by Type of Test
High Voltage Tests.....
High Power Tests.....
Other Tests.....
Listings of Laboratories.....

Save 40%: Order Your Personal Copy before April 30

Number of Copies	Price per Copy	Order & Pay Before April 30
1	US\$ 395	US\$ 237
2 to 4	US\$ 345	US\$ 207
5 or more	US\$ 295	US\$ 177

Includes shipping by airmail*

Please complete this Form and scan and email to info@inmr.com or telefax to (1) 514-939-6151.

Orders can also be placed on-line at:
www.inmr.com/2019-20inmrpowerengineershandbook

Number of copies ordered	
Total cost	

Yes: We wish to order the 2019/20 INMR POWER ENGINEERS HANDBOOK

Name: _____

Company: _____

Address: _____

Country & Postal Code: _____

Tel: _____ E-mail: _____

Please send us an invoice for payment by bank wire transfer

We will pay by credit card (INMR will send you a receipt)

Credit Card: _____ Expiration date: _____

Name on credit card: _____

* For shipment May 2019
